Important Information on Delivery Within the EU

Within the EU, we do not supply this front protection bar for normal new installation or retrofitting. Delivery within the EU is made exclusively in cases of a proven replacement requirement prior to delivery, e.g. as a replacement for a front protection bar that was previously fitted to the vehicle and damaged in an accident.

Outside the EU, this article is intended for new sale worldwide, subject to the applicable national regulations. EC certificate in accordance with Directive 2005/66/EC.

✔✔

Worldwide Including the EU

Worldwide delivery including the EU. Where required, the article is supplied with German TUEV parts approval according to § 19 (3) StVZO, ABE or EC certificate according to Regulation (EC) No 78/2009.

**

Multi-Brand Article

This article is suitable for several vehicle brands and may therefore appear in several manufacturer sections. The stated stock quantity is identical in each case and is counted only once for a complete purchase / total quantity.

Audi A3 (2003–2013): Chrome Mirror Covers (Pair)

AUDI

Article Number: AUDI1000

Give your Audi A3 (2003–2013) a sleek, brilliant look with these high-quality chrome mirror covers. The covers are made from durable material and are designed to fit the vehicle's exterior mirrors precisely. Installation is straightforward and creates a stylish finish.

✔ Fits: Audi A3 (2003–2013)
✔ Colour: Chrome
✔ Scope of delivery: 1 pair of mirror covers
✔ Easy installation
✔ High-quality workmanship
⚠ Note: Installation using self-adhesive 3M tape or bodywork adhesive (tube)
An installation adhesive may be included with the product, but it is not part of the guaranteed scope of delivery. Due to the long storage period, the adhesive may no longer function properly or may have limited effectiveness. In this case, please obtain a suitable bodywork adhesive yourself (e.g. Elch Pro P1 1K bodywork adhesive).
A replacement installation adhesive is not included in this offer and will not be supplied by us.

Chevrolet Orlando 2011–2018: COBRA CityGuard / Chrome Front Protection Bar

CHEVROLET

Article Number: GM1205

Made in Germany

Give your Chevrolet Orlando 2011–2018 a robust and distinctive front-end appearance with the COBRA CityGuard. The High-Gloss Chrome-Plated Stainless Steel finish provides an elegant appearance together with excellent durability. The 48 mm tubes create a strong, distinctive look. The set is supplied ready for installation with the Mounting Kit included.

Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.

Product details:

✔ Fits: Chevrolet Orlando 2011–2018
✔ Material: High-Gloss Chrome-Plated Stainless Steel – durable with a brilliant finish
✔ Tube diameter: 48 mm – strong, distinctive appearance
✔ Mounting Kit included – for quick and easy installation
✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

Article Number: DAC1007

Made in Germany

Give your Dacia Logan (2009–2020) a distinctive appearance together with added side protection and functionality with COBRA Side Protection Bars. The integrated steps make entry and exit easier, while the Ø 60 mm High-Gloss Chrome-Plated Stainless Steel tubes provide a premium, robust appearance.

Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.

✔ Fits: Dacia Logan 2009–2020
✔ With integrated steps – makes access easier
✔ Material: High-Gloss Chrome-Plated Stainless Steel – weather-resistant & easy to maintain
✔ Tube diameter: 60 mm – robust construction for effective side protection
✔ Mounting Kit included – easy and secure installation
✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

The 80 mm High-Gloss Chrome-Plated Stainless Steel tubes give the vehicle a distinctive appearance, while the integrated steps provide comfortable entry and exit. The robust construction also provides additional side protection for everyday use.
Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.

✔ Fits: Ford Kuga 2008–2013
✔ Material: High-Gloss Chrome-Plated Stainless Steel – elegant and durable
✔ Tube diameter: 80 mm – particularly robust construction
✔ With integrated steps – makes entry and exit easier
✔ Mounting Kit included – easy and secure installation
✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

Honda CR-V M/C 2004–2006: COBRA Chrome Side Protection Bars with Steps

HONDA

Article Number: HON1079

Made in Germany

COBRA Side Protection Bars for the Honda CR-V M/C 2004–2006 provide robust protection together with stylish design. The 80 mm High-Gloss Chrome-Plated Stainless Steel tubes create a premium, durable appearance, while the integrated steps make access more comfortable.
Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.

- ✔ Fits: Honda CR-V M/C 2004–2006
- ✔ Material: High-Gloss Chrome-Plated Stainless Steel – robust and elegant
- ✔ Tube diameter: 80 mm – strong and durable
- ✔ With integrated steps – convenient access aid
- ✔ Mounting Kit included – for quick and easy installation
- ✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

Hyundai Santa Fe 2006–2009: COBRA CityProtection Upper Rear Bumper Corners

HYUNDAI

Article Number: HYU1283

Made in Germany

COBRA CityProtection upper CPL rear corners provide a stylish and effective way to help protect the rear bumper of your Hyundai Santa Fe (2006–2009) against scratches and light impacts. Made from High-Gloss Chrome-Plated Stainless Steel, these precision-fitting components add both protection and a premium appearance.
Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.

✔ Fits: Hyundai Santa Fe 2006–2009
✔ Material: High-Gloss Chrome-Plated Stainless Steel
✔ Mounting position: Upper CPL rear corners – for added protection and sporty styling
✔ Mounting Kit included – for quick and easy installation
✔ German TÜEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

Hyundai Santa Fe 2009–2012: COBRA Chrome Mirror Covers (B-Grade)

HYUNDAI

Article Number: HYU1286

Give your Hyundai Santa Fe (2009–2012) an elegant, brilliant appearance with COBRA Chrome Mirror Covers. The covers require minor adjustment of the mirrors before installation to achieve the correct fit.

✔ Fits: Hyundai Santa Fe 2009–2012
✔ Colour: Chrome
✔ Scope of delivery: 1 pair of mirror covers
✔ Note: The mirrors require modification for the covers to fit (B-grade)
✔ Easy installation after adjustment
⚠ Note: Installation using self-adhesive 3M tape or bodywork adhesive (tube)
An installation adhesive may be included with the product, but it is not part of the guaranteed scope of delivery. Due to the long storage period, the adhesive may no longer function properly or may have limited effectiveness. In this case, please obtain a suitable bodywork adhesive yourself (e.g. Elch Pro P1 1K bodywork adhesive).
A replacement installation adhesive is not included in this offer and will not be supplied by us.
This is B-grade stock because the mirror covers do not fit perfectly. Please note that B-grade stock is excluded from exchange.

Hyundai ix35 2010–2015: COBRA Chrome Bumper Grille

HYUNDAI

Article Number: HYU1375

Made in Germany

COBRA Chrome Bumper Grille – High-Gloss Chrome-Plated Stainless Steel, Ø 15 mm, for Hyundai ix35 2010–2015

Give your Hyundai ix35 (2010–2015) a sporty, premium front-end appearance with the COBRA Chrome Bumper Grille. The Ø 15 mm High-Gloss Chrome-Plated Stainless Steel tubes create a distinctive yet elegant look.

✔ High-Gloss Chrome-Plated Stainless Steel tubes Ø 15 mm – robust and durable with a brilliant finish
✔ Precision fit – developed specifically for Hyundai ix35 2010–2015
✔ Easy installation – complete Mounting Kit included
✔ Durable & robust – gives the vehicle a premium yet rugged front-end appearance

Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.

✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.
✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

Jeep Grand Cherokee 2005–2011: Chrome Mirror Covers (Pair) **

CHRYSLER / JEEP

Article Number: CHR1060

Give your Jeep Grand Cherokee (2005–2011) a brilliant look with these high-quality COBRA chrome mirror covers. The chrome covers are made from durable material and are designed to fit the vehicle's exterior mirrors precisely. Installation is straightforward and creates a stylish finish.

✔ Fits: Jeep Grand Cherokee 2005–2011
✔ Colour: Chrome
✔ Scope of delivery: 1 pair of mirror covers
✔ Easy installation
✔ High-quality workmanship
⚠ Note: Installation using self-adhesive 3M tape or bodywork adhesive (tube)
An installation adhesive may be included with the product, but it is not part of the guaranteed scope of delivery. Due to the long storage period, the adhesive may no longer function properly or may have limited effectiveness. In this case, please obtain a suitable bodywork adhesive yourself (e.g. Elch Pro P1 1K bodywork adhesive).
A replacement installation adhesive is not included in this offer and will not be supplied by us.

Jeep Compass from 2017: COBRA CityGuard / Chrome Front Protection Bar

JEEP

Article Number: CHR1283

Made in Germany

Give your Jeep Compass from 2017 a robust and distinctive front-end appearance with the COBRA CityGuard. The High-Gloss Chrome-Plated Stainless Steel finish provides an elegant appearance together with excellent durability. The 60 mm tubes give the vehicle a strong, distinctive front-end look. The set is supplied ready for installation with the Mounting Kit included for quick and easy fitting.

Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.

✔ Fits: Jeep Compass from 2017
✔ Material: High-Gloss Chrome-Plated Stainless Steel – durable with a brilliant finish
✔ Tube diameter: 60 mm – strong, distinctive appearance
✔ Mounting Kit included – for quick and easy installation
✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

Kia Carnival since 2006: COBRA Chrome Front Protection Bar

KIA

Article Number: KIA1131EC

⚠ Important information for deliveries within the EU:
This Front Protection Bar is not supplied by us within the EU for normal new or retrofit installation. Delivery within the EU is made exclusively where a replacement requirement has been demonstrated prior to dispatch, e.g. as a replacement for a Front Protection Bar that was previously fitted to the vehicle and damaged in an accident.
Outside the EU, this product is also intended for new sales worldwide, subject to the applicable national regulations.
Kia Carnival since 2006: COBRA Chrome Front Protection Bar
✔ Ø 60 mm tube
✔ Stainless steel, mirror-chrome-plated
✔ Including installation material
✔ EC Type Approval
Exclusive COBRA surface finish: COBRA's glossy stainless-steel products are not only polished to a mirror finish, but are then additionally mirror-chrome-plated to a high standard. This elaborate finish creates an especially brilliant, premium shine and distinguishes COBRA from products made of merely polished stainless steel. Chrome has a characteristically slightly cooler colour tone, while polished stainless steel appears slightly warmer in direct comparison.

Kia Sorento from 2010: COBRA Chrome Mirror Covers

KIA

Article Number: KIA1293

Give your Kia Sorento from 2010 a premium chrome-look upgrade with COBRA Mirror Covers. These covers are designed specifically for vehicles with indicators integrated into the exterior mirrors and provide a high-quality visual enhancement.

✔ Fits: Kia Sorento from 2010 (with indicator in the mirror)
✔ Colour: Chrome
✔ Scope of delivery: 1 pair of mirror covers
✔ Easy installation
✔ High-quality finish

⚠ Note: Installation using self-adhesive 3M tape or bodywork adhesive (tube)
An installation adhesive may be included with the product, but it is not part of the guaranteed scope of delivery. Due to the long storage period, the adhesive may no longer function properly or may have limited effectiveness. In this case, please obtain a suitable bodywork adhesive yourself (e.g. Elch Pro P1 1K bodywork adhesive).
A replacement installation adhesive is not included in this offer and will not be supplied by us.

✔ Fits: Land Rover Freelander 10/2007–2012
✔ Material: High-Gloss Chrome-Plated Stainless Steel
✔ Tube diameter: 48 mm
✔ Mounting Kit included

Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.

✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

Mazda CX-7 (2007-2012): COBRA Chrome Front Protection Bar

MAZDA

Article Number: MAZ1071EC

⚠ Important information for deliveries within the EU:
This Front Protection Bar is not supplied by us within the EU for normal new or retrofit installation. Delivery within the EU is made exclusively where a replacement requirement has been demonstrated prior to dispatch, e.g. as a replacement for a Front Protection Bar that was previously fitted to the vehicle and damaged in an accident.
Outside the EU, this product is also intended for new sales worldwide, subject to the applicable national regulations.
Mazda CX-7 (2007-2012): COBRA Chrome Front Protection Bar
✔ Ø 60 mm tube
✔ Stainless steel, mirror-chrome-plated
✔ Including installation material
✔ EC Type Approval
Exclusive COBRA surface finish: COBRA's glossy stainless-steel products are not only polished to a mirror finish, but are then additionally mirror-chrome-plated to a high standard. This elaborate finish creates an especially brilliant, premium shine and distinguishes COBRA from products made of merely polished stainless steel. Chrome has a characteristically slightly cooler colour tone, while polished stainless steel appears slightly warmer in direct comparison.

✔ Tube diameter: 60 mm
✔ Mounting Kit included

Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.

✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

Mitsubishi Pajero Sport since 2000: COBRA Chrome Front Protection Bar

MITSUBISHI

Article Number: M1081

⚠ Important information for deliveries within the EU:
This Front Protection Bar is not supplied by us within the EU for normal new or retrofit installation. Delivery within the EU is made exclusively where a replacement requirement has been demonstrated prior to dispatch, e.g. as a replacement for a Front Protection Bar that was previously fitted to the vehicle and damaged in an accident.
Outside the EU, this product is also intended for new sales worldwide, subject to the applicable national regulations.
Mitsubishi Pajero Sport since 2000: COBRA Chrome Front Protection Bar
✔ Ø 60 mm tube
✔ Stainless steel, mirror-chrome-plated
✔ Including installation material
✔ TUEV Approval
Exclusive COBRA surface finish: COBRA's glossy stainless-steel products are not only polished to a mirror finish, but are then additionally mirror-chrome-plated to a high standard. This elaborate finish creates an especially brilliant, premium shine and distinguishes COBRA from products made of merely polished stainless steel. Chrome has a characteristically slightly cooler colour tone, while polished stainless steel appears slightly warmer in direct comparison.

in EU only for replacement: Mitsubishi Outlander (2003-2007): COBRA Front Protection Bar

MITSUBISHI

Article Number: MIT1251

Important information regarding delivery within the EU
Delivery of this front protection bar is generally only possible to countries outside the EU.
Delivery within the EU is only possible as a like-for-like replacement if this exact type of front protection bar was previously fitted to the vehicle and duly approved or registered.
Before dispatch, this must be proven to us by providing a copy of the vehicle registration document showing the corresponding approval/registration. Without such proof, delivery within the EU is not possible.

Mitsubishi Outlander 2012–2021: COBRA Chrome Side Protection Bars with Steps

MITSUBISHI

Article Number: MIT1457

Made in Germany

Give your Mitsubishi Outlander 2012–2021, including the facelift from 2015, a stylish and robust appearance with COBRA Side Protection Bars. The 80 mm High-Gloss Chrome-Plated Stainless Steel tubes provide premium styling and added protection, while the integrated steps make access easier.

⚠ Not suitable for hybrid models.

✔ Fits: Mitsubishi Outlander 2012–2021, including facelift from 2015
✔ Material: High-Gloss Chrome-Plated Stainless Steel
✔ Tube diameter: 80 mm
✔ Integrated steps – for safe and comfortable access
✔ Mounting Kit included

Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.

✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

Nissan Qashqai & Qashqai+2 2008–2014: COBRA Chrome Front Protection Bar

NISSAN

Article Number: NIS1381EC

Original accessory part from overproduction: Nissan OEM: 999CO-01381EC

Made in Germany
✔ Material: High-Gloss Chrome-Plated Stainless Steel
✔ Tube diameter: 60 mm
✔ Mounting Kit included
Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.
✔ EC Type Approval – no separate inspection or registration entry is required under the applicable approval; please refer to the document available here.

Stock: 7 pcs | **Carton:** 1150 × 660 × 280 mm

Nissan Pathfinder 2005–2010: COBRA Chrome Bumper Grille

NISSAN

Article Number: NIS1723

Original accessory part from overproduction: Nissan OEM: 999CO-01723
Made in Germany
Give your Nissan Pathfinder 2005–2010 a high-quality, precision-fitting front-end upgrade with the COBRA Chrome Bumper Grille.
✔ Fits: Nissan Pathfinder 2005–2010
✔ Material/finish: High-Gloss Chrome-Plated Stainless Steel
✔ Mounting Kit included
Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.
✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

Nissan Qashqai from 2014: COBRA Chrome Front Protection Bar

NISSAN

Article Number: NIS1951EC

Made in Germany
✔ Material: High-Gloss Chrome-Plated Stainless Steel
✔ Tube diameter: 60 mm
✔ Mounting Kit included
Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.
✔ EC Type Approval – no separate inspection or registration entry is required under the applicable approval; please refer to the document available here.

Nissan Micra K12 / C+C 2005–2009: COBRA Chrome Bumper Grille

NISSAN

Article Number: NIS2691

Original accessory part from overproduction: Nissan OEM: 999CO-02691

Made in Germany

COBRA Chrome Bumper Grille for Nissan Micra K12, C+C Cabriolet and 160 SR 2005–2009.

✔ Article no. NIS2691
✔ Material/finish: High-Gloss Chrome-Plated Stainless Steel
✔ Tube diameter: 12 mm
✔ Mounting Kit included

Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.

✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

Opel Mokka 2012–2016, Mokka X 2016–2019 & Chevrolet Trax 2013–2022: COBRA Chrome Side Protection Bars with Steps **

CHEVROLET / OPEL

Article Number: OPEL1047

Made in Germany

COBRA Chrome Side Protection Bars with Steps (1 set) for Opel Mokka 2012–2016, Mokka X 2016–2019 and Chevrolet Trax 2013–2022.

✔ Material/finish: High-Gloss Chrome-Plated Stainless Steel
✔ Tube diameter: 80 mm
✔ Integrated steps
✔ Mounting Kit included

Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.

✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

Nissan Navara 2016–2020 & Renault Alaskan from 2017: COBRA Chrome Side Protection Bars with Steps **

NISSAN / RENAULT

Article Number: NIS1877

Made in Germany

COBRA Chrome Side Protection Bars with Steps for Nissan Navara D23/3 Double Cab 2016–2020 and Renault Alaskan from 2017.
✔ Material/finish: High-Gloss Chrome-Plated Stainless Steel
✔ Tube diameter: 80 mm
✔ Integrated steps
✔ Mounting Kit included
Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.
✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

Skoda Yeti from 2009: COBRA Chrome Side Protection Bars with Steps

ŠKODA

Article Number: SKO1009

Made in Germany

COBRA Chrome Side Protection Bars with Steps (1 set) for Skoda Yeti from 2009. The 80 mm tubes with integrated step surfaces enhance the vehicle's appearance and help protect the sills against minor manoeuvring damage.

✔ Tube diameter: 80 mm
✔ Material: V2A High-Gloss Chrome-Plated Stainless Steel
✔ Mounting Kit included

Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.

✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.
✔ German ABE – in Germany, no separate inspection or registration entry is required; please refer to the document available here for the applicable requirements.

SsangYong Actyon Sports 2012–2018: COBRA Chrome Front Protection Bar

SSANGYONG

Article Number: SSA1271EC

Made in Germany

Give your SsangYong Actyon Sports 2012–2018 a robust and distinctive front-end appearance with the COBRA Front Protection Bar.

✔ Fits: SsangYong Actyon Sports 2012–2018
✔ Material: High-Gloss Chrome-Plated Stainless Steel
✔ Tube diameter: 60 mm
✔ Mounting Kit included

Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.

✔ EC Type Approval – no separate inspection or registration entry is required under the applicable approval; please refer to the document available here.

Stock: 3 pcs | **Carton:** 1000 × 650 × 250 mm

Toyota Urban Cruiser (2009-2014): COBRA Chrome Front Protection Bar

TOYOTA

Article Number: TOY1451EC

⚠ Important information for deliveries within the EU:
This Front Protection Bar is not supplied by us within the EU for normal new or retrofit installation. Delivery within the EU is made exclusively where a replacement requirement has been demonstrated prior to dispatch, e.g. as a replacement for a Front Protection Bar that was previously fitted to the vehicle and damaged in an accident.
Outside the EU, this product is also intended for new sales worldwide, subject to the applicable national regulations.
Toyota Urban Cruiser (2009-2014): COBRA Chrome Front Protection Bar
✔ Ø 48 mm tube
✔ Stainless steel, mirror-chrome-plated
✔ Including installation material
✔ EC Type Approval
Exclusive COBRA surface finish: COBRA's glossy stainless-steel products are not only polished to a mirror finish, but are then additionally mirror-chrome-plated to a high standard. This elaborate finish creates an especially brilliant, premium shine and distinguishes COBRA from products made of merely polished stainless steel. Chrome has a characteristically slightly cooler colour tone, while polished stainless steel appears slightly warmer in direct comparison.

VW Touareg 2007–2010: COBRA Chrome Mirror Covers

VOLKSWAGEN

Article Number: VW1038

Give your VW Touareg 2007–2010 a stylish, modern appearance with COBRA Chrome Mirror Covers. The covers are made from durable ABS with a high-gloss chrome finish and are bonded onto the existing original mirror housings.
✔ Material: durable ABS
✔ Finish: high-gloss chrome
✔ Weather-resistant and suitable for normal car-wash use
Important: The adhesive is not part of the guaranteed scope of supply. Due to the long storage period, its bonding performance may be reduced. In this case, we recommend obtaining a suitable automotive body adhesive, for example Elch Pro P1 1K. Replacement adhesive is not included in this offer.

VW Tiguan Track & Field (2007-2016): COBRA Chrome Front Protection Bar

VOLKSWAGEN

Article Number: VW1271EC

⚠ Important information for deliveries within the EU:
This Front Protection Bar is not supplied by us within the EU for normal new or retrofit installation. Delivery within the EU is made exclusively where a replacement requirement has been demonstrated prior to dispatch, e.g. as a replacement for a Front Protection Bar that was previously fitted to the vehicle and damaged in an accident.
Outside the EU, this product is also intended for new sales worldwide, subject to the applicable national regulations.
VW Tiguan Track & Field (2007-2016): COBRA Chrome Front Protection Bar
✔ Ø 60 mm tube
✔ Stainless steel, mirror-chrome-plated
✔ Including installation material
✔ EC Type Approval
Exclusive COBRA surface finish: COBRA's glossy stainless-steel products are not only polished to a mirror finish, but are then additionally mirror-chrome-plated to a high standard. This elaborate finish creates an especially brilliant, premium shine and distinguishes COBRA from products made of merely polished stainless steel. Chrome has a characteristically slightly cooler colour tone, while polished stainless steel appears slightly warmer in direct comparison.
